

MAGANDA TL

LED Outdoor surface-mounted wall light, chrome, IP44, 3000K

The MAGANDA cosmetic mirror has three joints and is attached to two moveable arms. This enables the mirror to be pulled close for use, and then folded flat against the wall thereafter. One of the mirror's two sides has threefold magnification. The integrated LED bulbs create excellent glare-free lighting. A switch on the mount enables use of the lighted mirror independent of general room lighting.
