

## FILI

display fitting, QPAR51, silver-grey, max. 75W, with clamp

Rotating and pivoting high-voltage display lights from the FILI series. The curved side arm of the aluminium lamp has a lamp head with a GU10 base. This makes the light suitable for use with LED, energy-saving and halogen bulbs of different diameters. The light can be installed using the display clamp included in the delivery contents. The electricians can be connected directly to the 230V mains voltage. An alternative version with a rosette is available. Decorings of various diameters are available as accessories for attaching to the lamp. This light is suitable for bulbs with an energy class rating of E - A++
