

SOPRANA SOLID PD-2

pendant, A60, round, concrete-grey, with reflector,
max. 40W

With our SOPRANA SOLID PD-2 pendant, we offer a new basic design for living space lighting. The structure of the SOPRANA SOLID PD-2 is achieved by a special manufacturing process and makes each luminaire a unique specimen. The end of the lamp is covered with a chrome-plated half-shell to create pleasant, non-glare lighting. The light is therefore only emitted indirectly. Equipped with an E27 socket, the SOPRANA SOLID PD-2 is built to accept LED or energy saving lamps and comes ready for direct connection to the 230V mains supply.
