

SOPRANA SOLID PD-3

pendant, QPAR51, concrete-grey, max. 25W

Our SOPRANA SOLID Series offers an all new design foundation for home lighting. The structure of the SOPRANA SOLID Series is achieved with a special production process that makes each luminaire unique. The end of the lamp is covered by a chrome half shell in order to achieve pleasant non-glare lighting. Thus light is emitted indirectly. Equipped with a GU10 holder, the SOPRANA SOLID PD-3 is built to accept LED or energy saving lamps and comes ready for direct connection to 230V electrical mains.
