

SOPRANA BOW SL-1

floor stand, bow light, TC-(D,H,T,Q)SE, white shade, max. 60W

With the SOPRANA BOW SL-1, the iconic bow floor stand shape becomes a new edition in a fresh design. Thanks to the chrome-coloured bow arm anchored in a solid base plate, the luminaire bridges the one meter distance from the base to the shade. The fabric shade comes in two colours and is tiltable by 90°. To ensure the best illumination, the bow arm can itself be rotated by 150°. Fitted with an E27 socket, the SOPRANA BOW SL-1 is suitable to take LED and energy-saving lamps. The electrical connection is made using a European flat plug which is found at the end of the mains lead with an integrated switch. It is connected directly to the 230V mains supply.
