

SOPRANA CONE PD-2

pendant, triple-headed, TC-(D,H,T,Q)SE, black/white/-grey shades, max. 120W

The PD-2 is the highlight of our SOPRANA CONE series. The pendant combines all three fabric lamp shades in white, grey and black. The approx. 35 cm shades hang offset in height to each other by 5 cm. They are on black/white textile cables. This gives a particularly interesting appearance to the luminaire. With its three built-in E14 sockets, it is suitable to receive LED and energy-saving lamps. The SOPRANA CONE PD-2 is delivered for connection to 230V mains supply and includes a 150 cm long pendant suspension. As an alternative, or for a project extension, we also offer every colour version as an individual luminaire.
