

T5 GRILL

pendant, triple-headed, T16 - 55 cm, QR111 square, silver-grey, max. 246W

The T5 GRILL pendant is a professional luminaire for surface mounting. Behind the frosted acrylic glass, which is mounted on a rectangular, silver-grey painted frame, there are four G5 sockets for T5 fluorescent tubes, providing 24W each. Additionally embedded in the acrylic plate there are G53 lamp holders, ready for three low-voltage halogen lamps with QR111 socket. Besides the adjustability of the QR111 sockets, both light sources can be controlled apart from each other. Thanks to the built-in electronic ballasts, the T5 GRILL QR111 pendant is supplied ready for direct connection to 230V mains supply.
