

AIXLIGHT R2

wall light, single-headed, QR111, white, max. 50W

With our AIXLIGHT R2, which is in keeping with the basic design of the AIXLIGHT R series, we offer a low-voltage wall-mounted light, which takes one QR111 type halogen lamp. It is available in black, white, or silver-grey housing colours. The lamp holder can be tilted multi-directionally allowing individual alignment of the light cone. Thanks to the built-in transformer, AIXLIGHT R2 is ready to be directly connected to the 230V mains supply.
