

GLENOS

industrial profile, convex, anodised aluminium, 2 m

The anodised aluminium GLENOS industrial profile comes in 2 m length, 50 mm width and 60 mm height. It comes with a convex cover. The versatile LED profile has two chambers and can be used in a system which is suspended, as well as surface-mounted or recessed variants. Various accessory parts are available as well as direct connectors and reflectors. The system gives you the space for individual installations of all types and, thanks to its width, can be fitted with LED strips with up to 40mm diameter.
