

DASAR 218 BULLSEYE

outdoor inground fitting, LED QR111, IP67, round, stainless steel 316, max.50W

The 240V inground fitting DASAR 218 BULLSEYE is the logical evolution of the classical inground fitting. During the development of this product, the goal of illumination of nearby objects was in the foreground. Thus, the lamp itself is mounted so that it is rotatable and tiltable outside the actual housing and covered by a high-strength glass dome. This allows highlighting of objects, which are within a short distance to the luminaire itself. Powered by the incorporated transformer with an efficient, low-voltage QRB lamp, it can be connected directly to 230V mains supply.

TECHNICAL DATA

Item no.:	228370
Socket	G53
Lamp	QR111
Number of sockets	1
Lamps included	0
Primary nominal voltage	230V ~50Hz mA/V
Secondary power / secondary voltage	12 mA/V
Tilt range	180 °
Horizontal rotation range	160 °
Diameter	21.8 cm
Depth	38.7 cm
Installation diameter	19.7 cm
Installation depth	30.7 cm
Net weight	4.473 kg
Gross weight	5.371 kg
IP Code	IP 67
Safety class	I
Impact resistance class	IK06
Impact resistance	1 Joule
Assembly	Recessed
Assembly details	Ground
Wattage	50.0 W

Recommended lamp

560231	PHILIPS MASTER LED AR111 , CRI90, 15W, 24°, 2700K, dimmable
560233	PHILIPS MASTER LED AR111 , CRI90, 15W, 24°, 3000K, dimmable

Color	stainless steel
Mechanical loading	0,5 t
BIG WHITE Page	730
